Summer Camp 2021

OUR PROGRAMS

We are so excited to welcome our campers home to a tight-knit community of friendship & sisterhood. This year, sessions are focused on classic camp experiences, sisterhood and community, and girls having voice and choice in their experience. At registration, participants will not select a themed session. They will register for the age group at the camp of their choice, and should base their choice on the camp that offers experiences they are excited about. Throughout the session, participants will have opportunities to choose activities within their pod.

- CIT III: Use your leadership and camp programming skills as you work directly with camp staff, spend time in unit stays, have fun at your favorite program areas, carry out an individual project, and learn more about camp management, too. Bridge the gap from camper to staff with this exciting session of internship adventures.
