

# Write a fun story about a sloth

**They can sleep and stay in trees for days!**

**They can hold their breath for 40 minutes under water!**

Pretend you are a sloth and write a story. What would you see if you are in the trees or under water? What is happening in your typical day? Tell a story from your point of view.

**THE CATCH** - gather a few people (family, Girl Scouts or friends) for this fun activity - **EACH PERSON WRITES OR TELLS ONE LINE OF THE STORY** and then the next person goes until your story is complete!
