

Options for Hardware Purchases using Product Program Reward Cards

In order to address the digital divide and support the next generation of entrepreneurs, we are offering a limited time opportunity to use Reward Cards to purchase tablets, laptops, or desktops through **September 30, 2020**. This opportunity is just in time for girls to launch their 2020 Fall Take Action Program online shop on October 3!

Girls should take the following steps to determine the cost of their purchase:

1. [Check available balances](#) on any Reward Cards and discuss with an adult what money you and your family may be able to contribute to determine the budget for your purchase.
2. Choose your desired option within your budget. Click the links in the title of each item below to view detailed information on BestBuy.com to help select the best option to fit your needs. **At this time, changes to the available options cannot be accommodated.**
3. Decide if you would like to add an optional additional warranty to your item to cover accidental damages. Add the cost of this warranty to the price of your item.
4. Calculate the sales tax based on the cost of your item + optional warranty [based upon your shipping address](#). (Local shipping is free!)
5. Add the cost of your item + optional warranty + sales tax to determine the total cost of your purchase. Make sure you are still within your budget. If not, adjust your item or warranty choices to build a new purchase within your budget.
6. Once all of your choices are made, submit a [Reward Card Conversion Form](#) to request your item. GSNorCal will contact you within 7-10 business days with the final details of your purchase and tracking information for your shipment.

Retail prices listed below are final. We are unable to accommodate varying promotional pricing for items or warranties. If you have any questions, please contact info@gsnorcal.org.
