About Pocket Knives/Jackknives

An important and versatile tool for camping, the pocket/jackknife is safe when handled carefully. It may have more than one blade or tool. It may include an awl for drilling holes, a can opener, or a combination screwdriver and bottle cap opener. Always inform parents prior to teaching girls about this skill. All Girl Scouts should receive proper training and sign off on Girl Scout Pocket Knife/Jackknife Safety Pledge.

Include Girls with Disabilities

Talk to girls with disabilities and their caregivers, and ask about needs and accommodations. Check with facilities ahead of time to determine what accommodations can be made.

Assess participants' maturity level.

Participants must be old enough to understand safety procedures and handle equipment so as not to endanger themselves and others.

Dress appropriately for the activity. Make sure girls and adults avoid wearing dangling earrings, bracelets, and necklaces that may become entangled in equipment. Also have girls tie back long hair. Always have on Closed Toed Shoes.

Safety Activity Checkpoints- They should focus on the following areas:

- How to open and close safely
- How and when to use it
- How to properly store it when not in use
- How to sharpen the blade
- How to clean the blade/knife
- Learn how to pass and acknowledge when you receive it by saying Thank You
- Learn about the circle of safety
- Always keep the knife pointed in a safe direction
- Learn about additional emergency and safety procedures

Prepare for emergencies. Ensure the presence of a first-aid kit and a first-aider with a current certificate in First Aid, including Adult and Child CPR or CPR/AED, who is prepared to handle cases of injury from falls, especially abrasions. If any part of the activity is located 30 minutes or more from emergency medical services, ensure the presence of a first-aider with Wilderness First Aid. Learn more on how to become a Troop First-Aider by logging into your [Girl Scouts Volunteer Learning Portal](#). See Volunteer Essentials for information about first-aid standards and training. [[SAFETYWISE: First Aid & First Aiders](#)]

Verify instructor knowledge and experience. One adult needs to be trained in pocket knife/jackknife safety (depending on which you are doing). These checkpoints should be reviewed with the facilitator and the Girl Scout Pocket knife/Jackknife Safety Pledge should be signed off.
