# Raspberry Rally™ Cookie FAQs

**What's special about the flavor?** - Customers wanted a raspberry flavor, so this cookie is baked with a raspberry-flavored center and dipped in a chocolaty coating. It's sweet, indulgent and made with vegan ingredients!

**Why are they only available online?** - It helps Girl Scouts like me learn about online shopping trends and build digital skills. It also lets us offer more flavors without replacing customer favorites at booths.

**How do I buy them from you online?** - You can scan my QR code and that will take you to my online cookie page. You buy there and the cookies will ship straight to you!

**Is the Raspberry Rally™ vegan?** - The Raspberry Rally™ cookie is made with vegan ingredients.

**Is the Raspberry Rally™ gluten free?** - The Raspberry Rally™ cookie is not gluten free. We do offer a gluten free option: Toffee-Tastic®

**Is the Raspberry Rally™ cookie going to return next year?** - The Raspberry Rally™ cookie will be available while supplies last this year. We are constantly evaluating our cookie portfolio for future years based on our customers' and Girl Scouts' feedback.

**Where does the Raspberry Rally™ cookie ship?** - The Raspberry Rally™ cookie will ship directly to the customer address placed in the Digital Cookie order. This provides an opportunity for a cashless exchange, and you don't have to schedule a delivery appointment!

**Is the new package environmentally friendly?** - GSUSA is working with our baker toward sustainable and ethical sourcing of Girl Scout Cookies® ingredients, including our packaging. The plastic overwrap material and cardboard packaging is recyclable in many areas.

**Will any of the old cookies be going away?** - No! Raspberry Rally™ has been added in addition to our other favorite flavors making it even more fun to offer this online-only option!
