Troop Dashboard

The Troop Dashboard provides an overview of all activity for your troop. A good practice anytime you are completing tasks in Smart Cookie is to “Refresh” your Troop Dashboard regularly to help the system update to reflect quicker. Please note that it can take up to 15 minutes for information to update and reflect in Smart Cookie, so refresh often.

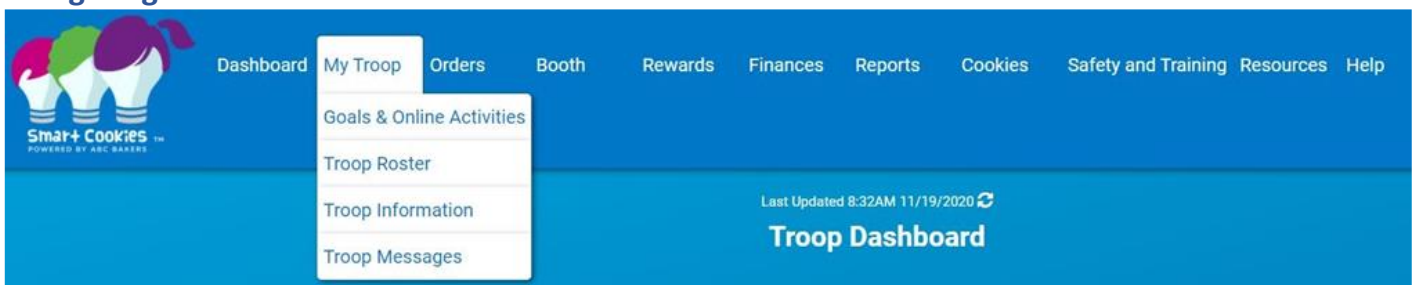

Set a troop goal and watch the troop achievement bar progress as cookies are assigned to Girl Scouts in the troop. Key stats include:

- Per Girl Average (selling) – this year vs. last year
- Inventory Ordered (in packages) – this year vs. last year
- Total Sold (in packages) – this year vs. last year (sold indicates cookies assigned to girls)
- Total On Hand (in packages) – number of packages still left to be assigned to Girl Scouts
- Calendar with important dates and tasks associated with them
- Messages – either from Council or your Service Unit (if applicable)
- Girls Registered and Selling – this year vs. last year
- Financial Summary – Total Sales, Troop Proceeds, Council Proceeds (total amount due to Council), Credits, Deposits, Debt, Amount Collected (by Council) or Online, and Balance Due (to Council)
- Girl Sale Details by Channel (cookies transferred to them; shipped, booth credit); by Cookies (varieties), Financial Responsibility (showing amounts due, paid and balance)

Damage orders entered by the troop can be edited (not common for troops to have permission to create damage orders). If there is an order displayed with T2G(B), you must edit that order by editing the Smart Booth Divider entries. See section on Smart Booth Divider for more information.

- Troop to Troop (T2T) – transfers packages (and financial responsibility) to another troop

Once a transfer is complete, you can print a receipt for your records, go to the Manage Orders page, or click Make Another Transfer to stay on the page and do another transfer.

The "From:" row is highlighted in blue and contains the text "SERVICE UNIT Abington", "TROOP 11111", and "GIRL Test Girl" with a dropdown arrow. Below the "From:" row, it displays "Quantity: 120 Packages" and "Contact: Travis Sammons | | tsammons@gsema.org". The "To:" row is also highlighted in blue and contains "SERVICE UNIT Abington" and "TROOP 11111". Below the "To:" row, it displays "Quantity: 1481 Packages" and "Contact: Travis Sammons | (978) 269-6660 | tsammons@gsema.org". A "Reset" button is located in the top right corner of the form.

Below the "To:" row, it displays "Quantity: -6 Packages" and "Contact: Erin Sullivan | (781) 373-4237 | esullivan@gsema.org". A "Reset" button is located in the top right corner of the form.

- Put the number of packages you are transferring FROM the other troop, by cookie variety, in the Packages column
- Once the packages are entered, add any order notes and then click Save to complete the transfer.

Note: Only the troop receiving the transfer can complete a troop to troop transfer. This is because financial responsibility transfers to the receiving troop for T2T transfers.

Once the transfer is saved in the system, all reports will be adjusted automatically.

Planned Order

Planned Orders are cookie orders for pick-up at cupboard locations during the sale. To create a Planned Order:

- Navigate to Orders>Planned Orders.
- Select the cupboard to pick-up from in the first box (a clickable Google map is shown to provide more location details) and click Continue.
- Select the date and click Continue.
- Select the time and click Continue.

The screenshot shows a mobile application interface for creating a planned order. At the top, it displays 'TROOP 11111' and contact information for Travis Sammons. Below this, there are three main sections for selection: 'CUPBOARD', 'DATE', and 'TIME'. The 'CUPBOARD' section shows 'Test Cupboard 0' with a Google map of Bentley University and the address '265 Beaver Street, Waltham, MA, 02452'. The 'DATE' section shows 'Tuesday, May 29'. The 'TIME' section shows '1 Hour' from '12:00 PM' to '01:00 PM'. Each section has an 'Edit' button at the bottom.

Please note the council required Unit of Measure (UOM) for planned orders. Orders may be placed in cases, packages or cases/packages based on council settings.

- Enter the number desired, for each variety, in the boxes shown:

Clear Quantities			CASES

- Click Orders>Virtual Cookie Share.
- Enter the number of donation packages for each girl.
- Add any desired order notes.
- Click Save.

If at any time you need to edit a booth distribution, you can return to the Smart Booth Divider Screen and cancel the distribution and redistribute the cookies to Girl Scouts. At the conclusion of your sale if you wish to divide ALL Booth sales at one time, you can distribute all booth sales by clicking the Distribute Total Booth Sales. This will cancel all previous distributions, but keep all totals sold for each booth.

Troop Site Orders in Digital Cookie

Once a troop has set up the troop site in Digital Cookie, the troop can offer delivery orders or pick-ups at exiting booth sales. Please see instructions below on how to view orders and allocate to girls. These orders will be managed in the booth reservations section of Smart Cookies using the Smart Booth Divider.

Troop Orders for Delivery

To view orders in Digital Cookie, run the All Orders Report and filter for orders with the first name Troop XXX and last name site. These will be orders generated from the troop link. Only orders approved by the site lead will import into Smart Cookies. You can view orders in the Smart Cookies Booth Credit Card Payment Export report and filter for delivery orders.

Click on the ellipse at the end of the row and use the Smart Booth Divider to allocate the cookies to girls. Once this has been completed the inventory will be removed from the troop available inventory.

Once these orders have been picked up, the troop must add the total packages to the packages sold to walk-up customers at the booth. Example: Pick Up orders totaled 2 ADV, 6 TM and 7 CDL. The troop sold an additional 25 packages of TM and 10 CDL at the booth. The totals entered in the Smart Booth Divider would be 2 ADV, 31 TM and 17 CDL. Distribute using the Smart Booth Divider.

Rewards

Recognition Orders must be created so the Girl Scouts receive all of their earned recognitions based on sales and booth credit. Your council may have an early recognition, main recognition plan and troop recognition plan. Refer to your council's instructions on what types of plans are available.

Recognition Order

Troops must create the recognition order on or before the council published due date for recognitions. The order will automatically assign each girl the earned recognitions once the order is created. Once an order is created, the troop can go back through to the Manage Recognition Orders screen to edit the order.

- Navigate to Rewards>Create Reward Order.
- Select the Order Type – available type will depend on council set up and dates.

Save

- Click the down arrow on the level indicated and complete the choice or size.

- Click on the button to select which recognition the Girl Scout would like or the correct size for apparel items.
- Once all selections are complete, the ‘!’ icon disappears.
- Click Save to finalize this Girl Scout’s recognitions and then click the Recognition Order button on the top-left of the page to return to troop listing.

- Any girl recognition orders marked unread do not have to be opened to save or submit the order.

- Promising practice is to wait to create the recognition order until after all transfers to girls are complete. If the order is created earlier and additional transfers are made, the order will update to award the girl(s) any additional recognitions. This may trigger a need to review needed action items.

Manage Recognition Orders

Once an order is created and saved, any changes must be managed through the Manage Orders page.

Navigate to Reward>Manage Recognition Orders.
