gsLearn is GSUSA's new Learning Management System. GSNorCal is currently working on updating our volunteer training and migrating to gsLearn. In the near future, this new system will offer volunteer role training as well as several helpful courses to help you succeed in Girl Scouts. For now, most **volunteer role training must still be taken on our [Volunteer Learning Portal](#)**. However, there are currently several courses available on gsLearn for volunteers to explore. See [gsLearn Troubleshooting and FAQs](#) for more information.
